QUOTE REQUEST FORM

Name & Company		
Tel:	**Fax:**	**e-mail:**

Thank you, for your enquiry regarding POLPRED for Windows v2 (PPW) software. The costs of PPW vary subject to your requirements. To help us prepare your quote please can you answer the following questions.
Replies to FAX: 0151 795 4905 or e-mail: applications@pol.ac.uk.

- Number of copies of the software that are required?
- Is the software for network installation? Yes/No
- Area required for predictions (i.e. latitude and longitude limits of a rectangular area)?
- Time period required?
- What model domain(s) is/are required? (see below)
- How will the results of POLPRED be used?
  - ❑ Bona-fide research i.e. academic research conducted solely to advance the state of knowledge, with the results made freely available and not used for any commercial gain.
  - ❑ Providing a routine public service by interpreting the data or manipulating them to yield 'value added' products, as specified below. The results may be freely disseminated or offered on a cost-recovery basis.
  - ❑ In-house use only.
  - ❑ To provide a consultancy product or advice to a 3rd Party.
    (Please provide name of 3rd party)
  - ❑ To produce a tradeable commodity on open sale - royalties may be payable - the tradeable commodity must be as specified.
  - ❑ Other use (please specify):

All PPW software is supplied under a licence agreement, please can you provide the following details for our licence agreement.

- Full company name and address(es) at which the data will be used
- The specific usage of data

Model Domains available in POLPRED for Windows
CS3 (12km) (depth averaged currents)
CS3-3D (12km) (sigma levels 0% (surface), 25%, 50% (mid-depth), 75%, 90% and 100% (bottom))
NEA (35km) (depth averaged currents)
Eastern Irish Sea (1.2km) (depth averaged currents)
Arabian Gulf (9km) (depth averaged currents)
Mediterranean (9.2km lat × 6.5-8km lon) (depth averaged currents)
